

Election Data Direct, Inc.

Starfire Voting Booth

The Starfire is our newest and most advanced voting booth. Its cutting-edge design combines rugged durability with an attractive appearance that is self-contained and lightweight. Its extremely easy to assemble and disassemble and is maintenance free. Specifically designed to accommodate a 21-inch optical scan ballot, it provides the largest writing surface available in any voting booth. Stackable design requires minimal storage space. Available in standard or ADA models. Options include light and customized graphics.
